► **The Catholic Church Mobile  
Solution: USA Catholic Church**

The USA Catholic Church app from USCCB brings together parishes and (arch)dioceses from across the United States-as well as the Vatican-into one, single mobile solution. The app is an easy solution for reaching out to more than 75 million U.S. Catholics. The presentation will provide an overview of the mobile app including the features that are being released over the next several months and how parishes can become more involved in providing their content and reaching their audience.
